

# Landes Bioscience Open Access License Agreement

Journal Title: \_\_\_\_\_ Author(s): \_\_\_\_\_

Manuscript #: \_\_\_\_\_

Title of the Contribution: \_\_\_\_\_

**Authors who choose the open access publishing option agree to license their work under the Creative Commons Attribution-NonCommercial 3.0 Unported License (<http://creativecommons.org/licenses/by-nc/3.0>). This license permits non-commercial unrestricted use, distribution, and reproduction in any medium, provided the original work is properly cited. The article will be made freely available online immediately upon publication without any barriers to access and full-text of the article will be deposited to PMC/UKPMC by the publisher.**

Users are free:

- To copy, distribute, and transmit the work.
- To make derivative works
- To use this work for other non-commercial purposes.

Attribution:

- Original authorship must be fully attributed.
- The journal named above and Landes Bioscience must be attributed as the original source of publication with proper citation details.

The full legal code of the Creative Commons Attribution-NonCommercial 3.0 License can be found here:  
<http://creativecommons.org/licenses/by-nc/3.0/legalcode>

For COMMERCIAL re-use, the authors should contact the Managing Editor.

**By signing this agreement the Authors also warrant and represent that:**

- All authors listed in the work have agreed to the publication and this agreement. The corresponding author is signing this form on behalf of all authors.
- The Contribution is an original work, has not been previously published, and is not in the public domain.
- The Authors are the sole owners of the copyright of the Contribution and have the full power and authority to enter into this agreement with Landes Bioscience. If the Contribution includes materials of others, the Authors have obtained permission of the original copyright owner to enable them to grant the rights contained herein.
- The Contribution does not infringe the copyright or any other proprietary right of any party.
- The Contribution contains no material that is defamatory, violates any right of privacy or is otherwise contrary to law.
- All statements in the Contribution asserted as facts are based upon reasonable research for accuracy.
- No formula or procedure contained in the Contribution would cause injury if used in accordance with the instructions and/or warnings contained in the Contribution.
